## JOINT FLEX POWDER

**JOINT FLEX POWDER:** Scientifically formulated Joint supplement in a powder form, using the latest known and tested ingredients including Green Lipped Mussel (GLM) extract and joint maintenance nutrients for all ages and types of HORSES. For sound mobility and joint support. Wear & Tear of joints is inevitable in hard working animals and the ageing process will eventually lead to degeneration of joints and cartilage. Scientific approach to help maintain supple and flexible joints using the best technology and science is critical for maintenance of maximum mobility. Joints start to wear and tear very easily in the life of a performance animal and maintenance should start before any clinical signs.

- Highly Bioavailable joint support ingredients
- Essential fatty acids, Chelated MSM, Vitamins C (Ester C), B2, B6, B12, E, Zinc, Copper, Manganese, Magnesium and Calcium to ensure maximum availability and utilisation.
- Essential Amino acids ensure tendon and muscle health
- GLM Extract for maximising Joint support and freedom of movement for optimal results and performance.
- Nutritional antioxidant feed.
- Aids maintenance of healthy muscle and joint tissues for all ages and types of Horses
- Palatable carriers are mono and poly saccharides to ensure energy supply is steady and not "heating"
- Lubricates Joints
- Helps reduce swelling in the Joint Capsule
- Helps repair joint surfaces
- Cartilage, tendon and ligament support
- Helps Soothe soreness
- Helps Relieve stiffness
